

USB Port

**Important!** Intuit QuickBooks Point of Sale software must be installed before connecting your hardware. To install hardware for Point of Sale, you will need your Point of Sale installation CD. If you don't have your installation CD, driver files are available at <http://support.quickbooks.intuit.com>

**You will need one available USB port to connect and use this device.**

### Hardware Setup and Installation

1. Make sure the Point of Sale installation disc is in your CD-ROM drive.  
(Cancel the Installation Wizard if it launches.)
2. Launch Point of Sale. Select **Hardware Setup Wizard** from the **File** menu.
3. Follow the onscreen instructions to connect and set up your barcode scanner.

#### To scan a barcode

Place your cursor in the field where you want to enter information. Hold the scanner over the barcode, pull the trigger and center the aiming beam on the barcode. A beep will sound when the barcode has been scanned.

**Tip:** Hold the scanner closer to smaller barcodes and farther away from larger barcodes to get a proper read.
